

Final Copy
Torrance County Board of Commissioners
Commission Meeting
March 11, 2015

Commissioners Present: **LeRoy Candelaria -Chair**
 Julia DuCharme-Member
 James Frost-Member

Others Present: **Joy Ansley-County Manager**
 Annette Ortiz- Deputy County Manager
 Dennis Wallin-County Attorney
 Michelle Jones -Clerical

Call Meeting to Order:

Chairman Candelaria calls the meeting to order at 9:00 am, he welcomes all those present to the meeting and leads us in the pledge and the prayer.

Approval of the Meeting Minutes:

Chairman Candelaria asks for a motion to approve the February 25, 2015 Regular Meeting Minutes. **ACTION TAKEN:** Commissioner Frost makes a motion to approve the February 25, 2015 Regular Meeting Minutes. Madam Commissioner DuCharme seconds the motion. No further discussion. The Commissioners vote; all in favor, none opposed. **MOTION CARRIED.**

Approval of the Meeting Agenda:

Chairman Candelaria asks for a motion to approve today's Meeting Agenda. **ACTION TAKEN:** Commissioner Frost makes a motion to approve today's Commission Meeting Agenda. Chairman Candelaria seconds the motion. Madam Commissioner DuCharme states that Ms. Billie Mitchell, resident, told her that she had requested to be placed on today's agenda and was not. Madam Commissioner DuCharme asks why Ms. Mitchell's request was denied. Ms. Annette Ortiz, Deputy County Manager, states that she and Ms. Ansley, County Manager, had discussed Ms. Mitchell's requests. She states that one of the requested items was to speak about the current Road Policies that we have in place. She states that one of the items that is on the agenda is for the new Road policy that we are looking at, so we thought that would be redundant. The second was just a general request to

discuss Commission items; it didn't have a specific item. Ms. Ortiz states that there is a time at the end of the meeting for the three minute comment; she was asking for just a general discussion and we have never put that on the agenda before. Madam Commissioner DuCharme asks Ms. Ortiz if they explained to Ms. Mitchell why she was not placed on the agenda. Ms. Ortiz replies that she did not. Madam Commissioner DuCharme states that if a person wants to discuss something here at the meeting, she would like them to be placed on the agenda. If there is a good reason for them not to be placed on the agenda, which hopefully will be very seldom, that the person is told why.

Madam Commissioner DuCharme now comments to Chairman Candelaria that we have heard at the last two Commission meetings that people are unhappy to have the public comment section at the end of the Commission meeting agenda.

People's feedback is an indicator of how the Commission is doing. She states that she thinks that if people are unhappy, the Commission is not doing well. We need to hear the people and do something different. She asks Chairman Candelaria again, please let's hear people, let's listen to people. It won't cost money, it won't be hard, and lets listen to people and move the public comment back to the beginning of the meeting. The Commissioners vote to approve the agenda. Two in favor, Madam Commissioner DuCharme states that she is opposed to the public request at the end of the meeting. **MOTION CARRIED.**

Approval of the Consent Agenda, approval of warrants, and approval of indigent claims: Chairman Candelaria asks for a motion to approve the Consent Agenda. **ACTION TAKEN:** Commissioner Frost makes a motion to approve the Consent Agenda. Chairman Candelaria seconds the motion. Madam Commissioner DuCharme asks about invoice # 63215 EVSWA 31 Illegal Dumping Pulloffs in the amount of \$11,160.00 and also invoice #23915 Clean up Service Lot 3 Hess and Clean up Service Lot 1 Vallejos in the amount of \$2786.10. Mr. Guetschow explains that yes these are for the same clean up. It was a very big project and a portion of the expense came from P&Z, from the court fund, which is used for clean-up projects. These are the fees collected from Court levied fines. Commissioner Frost inquires about the cost of juvenile incarceration. Ms. Ansley replies that the juvenile rate varies from facility to facility and is usually twice what the rate is for adult incarceration. No further discussion. The Commissioners vote; all in favor, none opposed **MOTION CARRIED.**

Action Items

Items to Be Considered and Acted Upon

***Department Requests/Results:**

1. Updates:

Javier Sanchez, Emergency Manager presents the following written update:

Torrance County Commission Update
From Torrance County Emergency Management
March 10, 2015

Current ongoing Grants/Projects:

1. FY13 Disaster Recover Grant: Funds have been released by NM DHSEM. The Torrance County Road Department intends to begin work in April 2015. The grant is valued at \$169,855.22.
2. FY14 State Homeland Security Grant: Sub-Grant agreement in the amount of \$60,904.71 is ready for expenditure. Quotes are being gathered from Advanced Communications for the (1) In-Vehicles Repeaters Project and the (2) In-Car Cameras Project and from Artesia Fire Equipment, for the Shelter Trailer Project. The grant is valued at \$60,904.71.
3. Hazard Mitigation Planning Grant: Sub-grant agreement in the amount of \$45,000.00 (\$33,750 federal share & \$11,250 local share) is ready for expenditure. I have submitted a sample contract from the intended vendor for review by Torrance County.
4. Torrance County EOC Exercise: After-Action Report has been submitted to NMDHSEM and credit acknowledged.
5. WIPP Grant: Funds in the amount of \$12,382.00 are planned for expenditure. We have a quote from Artesia Fire Equipment for equipment to be distributed to TCFD, Encino FD, and Moriarty FD. I am awaiting arrival of this year's allocation (hopefully sometime during this month) in order to move forward with purchase.
6. 2015 CRI Program: Torrance County EM will participate in this year's exercise, which will take place at the City of Albuquerque EOC, on March 18, 2015, from 7:30 AM-2:00 PM. Torrance County's allocation this year, as stipulated in the already fully executed MOU is \$12,000.00.

7. CERT Program: This matter is being investigated and looked into by the County.
8. FY13 (Special) EMPG Grant Program: After coordinating with local jurisdictions and county agencies and meeting with the Torrance County Grants Committee, I have submitted an application regarding this grant program. If awarded, the grant could be valued as high as \$198,000. There is a 50% county match to this grant. If awarded, then sub-grant agreement will be brought before the County for approval.

Commissioner Frost attended a meeting last week with Mayor Hart from Moriarty and Mr. Sullivan, Superintendent of Schools from Moriarty and Mr. Robert Anaya, Commissioner from Santa Fe County. There is a movement to start the Boys and Girls Club at the old Mountainview School Building. Santa Fe County is prepared to make a significant donation to the project. The Boys and Girls club will probably be contacting Torrance County again to discuss financial support. Also, with our bond payments for the Judicial Complex coming to an end, and PILT monies coming in, we might want to consider starting a hospital here in Torrance County. We have four Doctors' Offices and Edgewood is contemplating adding an Urgent Care. This would be a good time to do a study to analyze the possibility. Perhaps we could put this on the agenda in the near future.

Madam Commissioner DuCharme comments that last week she was invited by Fire Chief Trumbull to the District 5 Fire Station. A person from the State was there to inspect and rate the Station. ISO ratings are on a scale of 1-9 (9 being the lowest and 1 being the highest). The State funds the Fire Station based on its ISO rating. There is a direct correlation between how well the station is doing and the cost of property taxes to the residents who are served by that area. The results of this ISO inspection will be ready in June, July or August. Madam Commissioner DuCharme was glad to be invited to visit.

Commissioner Candelaria takes this opportunity to congratulate the Mountainair Girls Basketball team for competing in the State tournament. Congratulations on a great season Ladies!

The Senior Citizens are going to have a meeting this Friday at the Estancia Senior Citizen Center at 11:00 am. Lunch will be served.

2. Request Out-Of-State Travel to Western States Sheriff's Association Annual Training and Business Conference- Sheriff Heath White Stephanie Dunlap, from the Sheriff's Department, speaks. They are requesting out-of-state travel to the Western States Sheriff's Association Annual Training and Business Conference for Sheriff White; he sits on the Board of this Association. He will be travelling to Las Vegas, Nevada and the dates of the conference are from 3/22 – 3/26. He is asking for the regular per diem. All documentation hereto attached. **ACTION TAKEN.** Madam Commissioner DuCharme makes a motion to approve the request for Out-Of-State travel to the Western States Sheriff's Association Annual Training and Business Conference for Sheriff Heath White. Commissioner Frost seconds the motion. The Commissioners vote; all in favor, none opposed. **MOTION CARRIED.**

3. Information Regarding Upcoming Public Hearing ref: PG Enterprises, LLC – Steve Guetschow, P&Z Director Steve Guetschow speaks. During the March 4 P&Z Board meeting PG Enterprises, LLC had a preliminary review of their application for the operation of a rock, sand, and aggregate mine operation at 19274 US Hwy 60 being that portion of the N2 NE4 of Section 3, T2N, R5E, NMPM lying “west” of the highway. The Board made a recommendation of “DO PASS”, on a vote of 3 in favor, 1 opposed, with the stipulation that PG Enterprises, LLC provide documentation for the existing well and upgrade their sketch plan to depict the protective fencing around the archaeological sites located on the parcel as recommended in the summary report of the Archaeological Survey conducted on the site. The Public Hearing for this item will be scheduled during the April 8 Regular Commission Meeting. All documentation hereto attached. **NO ACTION, INFORMATION ONLY**

4. Resolution 2015-09 Line Item Transfers – Tracy Sedillo, Comptroller Ms. Sedillo speaks. Resolution 2015-09 is a request for line item transfers within the Maintenance budget, the Fire Departments and Dispatch. They are moving monies within their funds, this does not change the overall amounts of their budgets. All documentation hereto attached. **ACTION TAKEN.** Commissioner Frost makes a motion to approve Resolution 2015-09 Line Item Transfer. Chairman Candelaria seconds the motion. The Commissioners vote; all in favor, none opposed. **MOTION CARRIED.**

5. Resolution 2015-10 Budget Increase- Tracy Sedillo, Comptroller Ms.
Sedillo speaks. This resolution is a budget increase to add in the CDWI funding. The total increase to the budget is \$3,202.00. All documentation hereto attached. **ACTION TAKEN.** Madam Commissioner DuCharme makes a motion to approve Resolution 2015-10 Budget Increase. Commissioner Frost seconds the motion. No further discussion. The Commissioners vote. All in favor, none opposed. **MOTION CARRIED.**

6. Torrance County Road Department- Martin Gutierrez & Leonard Lujan, Road Foreman Mr. Lujan speaks.

a. Resolution 2015-11 FY2015/16 Financial Hardship The Road Department applies for this grant every year. The amount of the grant is a \$25,000.00 credit to purchase equipment at the State Auction in July. All the counties apply for it. The majority of our Road Department equipment has been acquired through the years through this grant. All documentation hereto attached. **ACTION TAKEN.** Commissioner Frost makes a motion to approve Resolution 2015-11 FY2015/16 Financial Hardship. Madam Commissioner DuCharme seconds the motion. No further discussion. The Commissioners vote. All in favor, none opposed. **MOTION CARRIED.**

b. Resolution 2015-12 Mileage for County Designated Roadways for Maintenance We submit this information to the State every year for funding. Torrance County currently has 936.697 miles maintained. All documentation hereto attached. **ACTION TAKEN.** Madam Commissioner DuCharme makes a motion to approve Resolution 2015-12 Mileage for County Designated Roadways for Maintenance. Commissioner Frost seconds the motion. No further discussion. The Commissioners vote. All in favor, none opposed. **MOTION CARRIED.**

c. Participation Letters for County Arterial Program, School Bus Program, and County Cooperative Program These are the projects that the Road Department puts in for every year. We submit for funding for our Road projects a year in advance; we re-gravel roads, create new chip seal roads, etc. Chairman Candelaria asks about school bus routes. A lot of people have the misconception that the County is responsible for all school bus route roads. Mr. Lujan replies that we only maintain school bus routes if they are on existing County maintained roads. If it is a private road that a school bus route is on, we do not maintain it. The schools determine their routes, not the Road Department. Madam Commissioner DuCharme asks how the roads for proposed projects are chosen. Mr. Lujan replies that he and his co-workers will drive the roads and determine which roads have the

most traffic, the most complaints, etc. Madam Commissioner DuCharme asks about the locations of the proposed project roads. Mr. Lujan gives the locations. All documentation hereto attached. **ACTION TAKEN.**

Commissioner Frost makes a motion to approve the Participation Letters for County Arterial Program, School Bus Program, and County Cooperative Program. Chairman Candelaria seconds the motion. No further discussion. The Commissioners vote. Two in favor, Madam Commissioner DuCharme abstains. **MOTION CARRIED.**

At this time, the Commission takes a short break and reconvenes at 10:03 am.

7. Proposed County Road Policy – Leonard Lujan & Martin Gutierrez, Road Foreman Mr. Lujan speaks. This is the Road policy they have been working on. It is on the agenda for the Commission to review. Mr. Lujan asks if the Commission wants to have public hearings to discuss it, or if they want to approve it as is. Madam Commissioner DuCharme proposes having several public hearings at different locations throughout the County. Chairman Candelaria proposes that each Commissioner have their own separate meeting in their district to discuss and get input about the policy and then have one final public hearing to discuss the policy. After further discussion, Chairman Candelaria makes a motion. All documentation hereto attached. **ACTION TAKEN.** Chairman Candelaria makes a motion that we, as Commissioners, set up times to meet with our constituents to get input on the proposed Road Policy. And after we have completed that, we will have a Public Hearing on this issue/item. After further discussion the Commission decides to table this item. Chairman Candelaria's motion has no second. The motion dies. Commissioner Frost makes a motion to table. Madam Commissioner DuCharme seconds the motion. No further discussion. The Commissioners vote. All in favor, none opposed. **ITEM TABLED**

8. Request Renewal of NM Apparatus Contract – Jason Trumbull, Fire Chief Ms. Leslie Olivas, Purchasing Director, speaks. This is the annual renewal of this contract. We are exercising our first option to renew. Mr. Wallin has reviewed the contract and drafted the extension. Madam Commissioner DuCharme states that she does not have a copy of the original contract, only the extension. Ms. Olivas provides the Commission with copies of the original contract. Madam Commissioner DuCharme states that she needs more time to review this item. Her fellow Commissioners are ready to vote. All documentation hereto attached.

ACTION TAKEN Chairman Candelaria makes a motion to approve the extension/renewal of the NM Apparatus Contract. Commissioner Frost seconds the motion. Madam Commissioner DuCharme asks if her fellow Commissioners have read the contract. Chairman Candelaria states that it has been approved by legal and he has no problem approving it. Madam Commissioner DuCharme reiterates that she cannot approve what she has not read. Commissioner Frost states that he trusts the previous Commission that approved the original contract and he has no issue with approving this item today. The contract expired on January 8th. Ms. Olivas explains that yes the contract lapsed, but they are correcting that today with this extension. Mr. Wallin states that this is not the way we would prefer to see this done, but it is the way it happened. The Commissioners vote. Two in favor, Madam Commissioner DuCharme abstains. **MOTION CARRIED.**

9. Request Payment for Water Purification Unit – Jason Trumbull, Fire Chief Crystal Bostwick, Administrative Assistant for the Fire Department, speaks. She explains that her department obtained a P.O. for the purchase of the water purification unit on March 13, 2014. However, they were not billed for the unit until 5 months later and by then the PO had been closed out. They have the unit and this mistake should not happen again. . All documentation hereto attached.

ACTION TAKEN Commissioner Frost makes a motion to approve the request for payment for the Water Purification Unit. Chairman Candelaria seconds the motion. Madam Commissioner DuCharme asks about the price of the unit; it seems to have gone up. Ms. Bostwick will look into this price discrepancy. Chairman Candelaria comments that the water purification unit is very important to have. The Commissioners vote. Two in favor, Madam Commissioner DuCharme abstains. **MOTION CARRIED.**

***Commission Matters:**

10. Request for Funding Assistance with Utility Bills for McIntosh Senior Center – Charles Leasure Ms. Ansley speaks. At the last meeting, Ms. Ansley presented the Commission with a letter from Mr. Leasure asking for financial assistance for the McIntosh Senior Center to pay their utility bills during the winter months. The County owns the building for the McIntosh Senior Center, but does not pay any of the utilities or operational costs of that center. That center is not an approved center by the State, so the State does not fund it. There is a group of seniors who have utilized the building in the past, but there is no formal agreement between the seniors and the County to use the building and no funding granted to

them. Mr. Wallin, County Attorney, comments that this is a clear anti-donation issue. This is not a County Senior Citizen program. There needs to be a lease agreement between the County and the seniors. The lease agreement could say who is responsible for the utilities. There would also need to be a fair rental value paid by the seniors. Chairman Candelaria suggests that Ms. Ansley get together with Mr. Wallin to draw up a lease agreement that can be approved by the Commission and presented to the seniors. Madam Commissioner DuCharme states that one of the seniors spoke to her and asked her to request that this item be tabled as the seniors were not available to come to the meeting to discuss this issue today. Commissioner Frost comments about the many complex issues that could arise from the County supporting another center. He states that he is in support of continuing with the senior program as it is; with the current three centers supported by PMS. Madam Commissioner DuCharme states that the McIntosh Senior Center was given to the County and that the Quit Claim deed states 'subject to a covenant that for as long as there is a senior citizen program in existence, the property be used by Torrance County, its successors, or assignee as a Senior Citizen Center'. She states that the County cannot close that center. Commissioner Frost states that the center, as far as being a County program, was closed quite a few years ago and the people that are doing it now are doing it on their own and they do have the option of using one of the other centers. All documentation hereto attached. **ACTION TAKEN:** Commissioner Frost makes a motion to deny funding assistance to the McIntosh Senior Center. Chairman Candelaria seconds the motion. No further discussion. The Commissioners vote. Two in Favor, Madam Commissioner DuCharme abstains. **MOTION CARRIED.**

11. Coast to Coast Rx Card Marketing Agreement Chairman Candelaria comments that there is a question about this being an anti-donation issue. Mr. Wallin states that he has a concern about the Torrance County Seal on the Coast to Coast Rx card. He asks for time to investigate this item further. All documentation hereto attached. **ACTION TAKEN:** Commissioner Frost makes a motion to table this item. Madam Commissioner DuCharme seconds the motion. No further discussion. The Commissioners vote. All in Favor, none opposed. **ITEM TABLED**

12. Request to Transfer Drug Education Funds to Perpetual Tears Memorial Inc. Mr. Steve Jones, Treasurer for the Perpetual Tears Memorial Inc., speaks. For many years, Torrance County has been the fiscal agent for the Drug Education Fund. On February 14, 2015 the executive board of Perpetual Tears Memorial, Inc. agreed to take on the administration of the fund. Pursuant to NMSA 1978 Section 31-20-6(E) PTMI qualifies as “a local drug abuse resistance education program that operates in the territorial jurisdiction of the court”. PTMI is a 501(c) (3) non-profit organization that operates the New Mexico National DWI Victims Memorial of Perpetual Tears in Moriarty. This will relieve the County of the burden of collecting donations and making disbursements from the fund. Mr. Jones, as Treasurer, is in the process of opening a bank account to receive the balance of the fund. Madam Commissioner DuCharme asks how much is currently in the fund. The current fund amount is \$32,866.02. Most of the money in this fund comes from donations made by offenders. For example, a donation in lieu of receiving a traffic ticket, etc. and the money in this fund is used to pay for different drug prevention activities. This is not County money and does not affect the Torrance County DWI Program. After further discussion, the Commission votes. All documentation hereto attached. **ACTION TAKEN:** Commissioner Frost makes a motion to approve the request to transfer the Drug Education Funds to the Perpetual Tears Memorial Inc. Chairman Candelaria seconds the motion. No further discussion. The Commissioners vote. All in Favor, Madam Commissioner DuCharme abstains. **MOTION CARRIED**

***County Manager Requests/Reports:**

13. Update Ms. Ansley has no written update today, but does have a few items to cover with the Commission.

1. We received a letter from the Office of the State Auditor. They have requested that the County change auditors for our annual fiscal audit this year. We will be putting out an invitation for bids and proposals for a new auditor this year.
2. At the last meeting, we selected a project to submit for the 2015 CDBG application. I have been corresponding with DFA and it appears that we were supposed to submit a letter in January to DFA detailing the project we were going to apply for. Mr. Lopez, the Director of Local Government Division, told me that I had until 5:00 today to submit a letter explaining the project to see if they would make an exception for us. He said it sounded like we were a little behind on the planning and preparation for this project

and it might be more beneficial for us to get a better project put together through the summer and apply again next year rather than submitting an insufficient application.

Madam Commissioner DuCharme takes this opportunity to thank Ms. Ansley for meeting with her and answering her questions about CR A102. She also thanks Mr. Lujan and Ms. Ansley for showing her the actual road and talking with her about it.

Public Requests: At the Discretion of the Commission Chair. For Information Only (No Action Can Be Taken). Comments are limited to three (3) minutes per person on any subject.

Tracey Joan Miceli Renger Master, resident, speaks. She states that over the past few Commission meetings, you have heard people talk about what they perceive is wrong with the County, and more specifically, with our Road Department. Threats have been made, as have accusations of laziness and lack of motivation. She states that someone needs to speak in defense of our Road Department. They did not ask for this, but enough is enough. Did you know that the Road Department maintains 936 miles of road? Or that we have 510 County maintained roads? Ms. Master speaks about the pay of the heavy equipment operators and their hours of overtime. She states that the FY15 Road Department budget is approximately 1.1 million dollars and covers salaries, benefits, equipment, maintenance, materials, fuel, and other costs. It costs more than \$35,000.00 to chip seal just one mile of road. Ms. Master states that she knows this because she took the time to ask. It is time to stop complaining about what we think is wrong and start working together to make things right.

Michael Godey, resident, speaks. He suggest possibly converting the McIntosh Senior Center building into a Multi-Generational facility. Perhaps the Commission could consider this and work on a proposal for next year's CDBG grant application. He also suggests possibly allowing public comment at the beginning and at the end of the Commission meetings. 3 minutes at the beginning a possibly 2-3 minutes at the end of the meeting to facilitate more open government. Lastly, he suggests that when the Commissioners decide to have their meetings about the road policy, each Commissioner could have more than one if they chose.

Dan O'Connell, resident, speaks. He reads a letter he has written to the County Manager. He states that as per the Freedom of Information Act, this is a written request for all records of the Torrance County Road Department. He goes on to read the specifics of this request. Ms. Ansley asks him to provide her with a written request. He also comments that the quality of the work that has been done on CR A102 is poor and substandard. He recommends that the County hire a civil engineer. He states that it's worth the money and years from now we will see the benefit.

Fred Sanchez, resident, speaks. He just wants to say that it would be beautiful and great if we could have the honor system, and we could all trust each other. We're humans and we need balance. We hear a lot of rhetoric about trust. Ronald Reagan once said trust, but verify. Mr. Sanchez states that he is proud that we have one Commissioner who asks questions; a question not asked is the only dumb question there is.

Billie Mitchell, resident, speaks. She states that first of all she would like to apologize for her outburst at the last Commission meeting. She thanks Commissioner Frost, Ms. Ansley, Mr. Lujan, and Madam Commissioner DuCharme for coming out and looking at County Road A102. She states that the residents out there are in deep trouble with a poverty rate of approximately 67%. 35 % of those people are elderly or handicapped. Commissioner Frost, Ms. Ansley and Mr. Lujan are going to attend Ms. Mitchell's neighborhood watch meeting this Saturday at 1:00 pm at the Fire Station. She very much appreciates them coming. She asks Ms. Ansley who our Road Superintendent is. Ms. Ansley answers that we do not have one. Ms. Mitchell comments a Road Superintendent is mentioned in the draft of the Road Department policy.

Hank Van Es, resident, speaks. He would also like to talk about trust. He comments that he believes that the EVSWA was violating the procurement ordinance with regard to the disposal of surplus property. If he had trusted Mr. Ellis without verifying, they would still be continuing along in the same manner of getting rid of equipment improperly. Mr. Ellis has now decided to draw up a policy to properly dispose of the equipment in accordance with state statutes. Trust, but verify. He commends Madam Commissioner DuCharme for asking for the contract concerning agenda item #8.

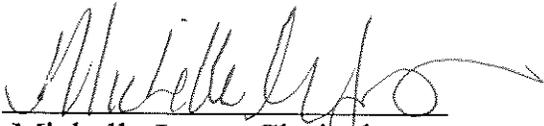

Edwina Hewett, resident, speaks. Concerning agenda item #7- Proposed County Road Policy, she applauds the County for being willing to put the information on this item on the Torrance County Website so people can access and review it. She questions if it is proper for the County to pay for the Commissioners to advertise their meetings with their constituents to discuss the proposed Road policy. Lastly, concerning the McIntosh Senior Center, she supports Madam Commissioner DuCharme's position. She states that there was a promise made to those people when they gave that building to the County; it's covenanted in the deed. The County should honor that. On agenda item #11 Coast 2 Coast Rx Card, she appreciates Mr. Wallin bringing up the fact that there could be an issue with the County selling its label for marketing; there is more than one company that offers those discount cards.

***Adjourn**

ACTION TAKEN: Commissioner Frost makes a motion to adjourn the March 11, 2015 Commission Meeting. Madam Commissioner DuCharme seconds the motion. No further discussion. The Commissioners vote. All in favor, none opposed.

MOTION CARRIED. Meeting adjourned at 11:21 am

Chairman Candelaria

Michelle Jones, Clerical

3/25/15
Date

The video of this meeting can be viewed in its entirety on the Torrance County NM Website. Audio discs of this meeting can be purchased in the Torrance County Clerk's Office and the audio of this meeting will be aired on our local radio station KXNM.
